DETAILED ACTION

Specification

1. The lengthy specification has not been checked to the extent necessary to determine the presence of all possible minor errors. Applicant's cooperation is requested in correcting any errors of which applicant may become aware in the specification.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 12 and 16-20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 12 fails to further limit claim 1.

Claims 16 and 19 depend from canceled claim 4.

Claim 20 depends from canceled claim 5.

Claims 17-20 recites the limitation "silicon-containing compound" in the first line of said claims. There is insufficient antecedent basis for this limitation in the claim.

Claim Rejections - 35 USC § 102

4. The rejection of claims 1-20 under 35 U.S.C. 102(b) as being anticipated by Hauser et al (US 6,312,812) has been overcome by amendment.

Allowable Subject Matter

5. Claims 1-3, 7-11, 13-15 and 21 are allowed.

Response to Arguments

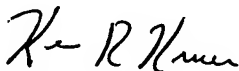

Applicant's arguments with respect to claims 1-3 and 7-21 have been considered but are moot in view of the new ground(s) of rejection.
